

If you're married or in a relationship with a woman then maybe this group is for you?

Experienced facilitators run the group

This is a safe space for you to meet other men who are in a similar situation to yourself

Discuss how you feel, where you are in your life at the moment, how to cope, where the gay venues are, your and your partners' sexual health

The group meets monthly from 6pm to 8pm in Woking

You do not have to attend for the whole 2 hours

Some of the sessions will be structured depending on the needs of the men attending the group

Phone or e mail in confidence
